Traffic Management.

13th Jul 7:30am – 23rd Nov 4:30pm.

We are writing to inform you in advance of highways works that will be carried out on the A143 from the northbound entrance into Stanton, finishing by the Shell PFS.

Location

A143 – Stanton (what3words - [///doghouse.cloud.scope](#))

Traffic Management

Controlled Traffic Lights (two-way signals), combined with a temporary footpath and a stand alone pedestrian crossing.

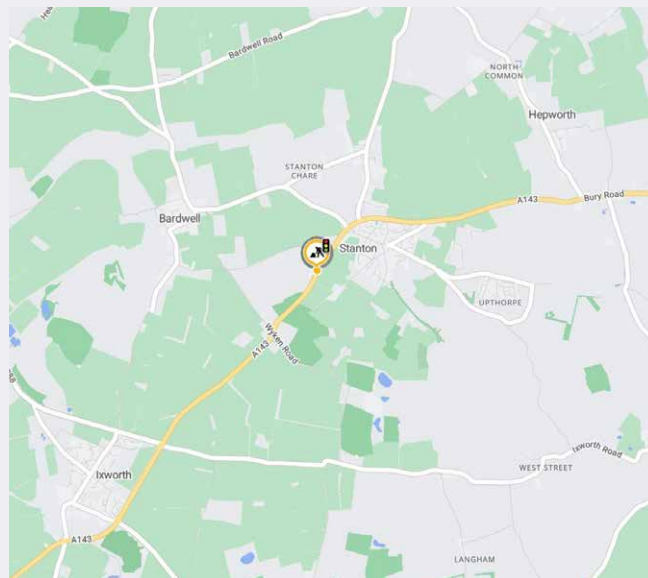

Drivers should remain on the A143 and should not use the surrounding village roads, which are not suitable for through traffic.

Works Description

Agreed highways improvements as part of the recent planning permission (ref: DC/19/2481/OUT). This will include: localised widening and construction of a new signalised junction with priority to the A143; introducing a new bus stop lay-by; a new footpath from Rose and Crown Court to the Shell PFS and new / realignment of the footpath on the eastern side of the A143; and an extension of the 30mph zone.

Stakeholders

Bloor Homes; D.A. Cant Ltd.; and Suffolk Highways.
